

Additional Guidelines for Project Work of Diploma in Early Childhood

Care and Education

(DECE)

(English - Pages 1-8)

Dt: 25.08.2025

These Guidelines are for

- learners enrolled for admission cycle January 2025 and July 2025.
- learners from previous batches who have not passed in the Project Work and they have been asked to RESUBMIT the Project Work.

This document that you are reading now is only about MODIFICATIONS in Project Work. The details of Project Work are in the Project Manual DECE 4 which you have received with your course material. If you have not received course material, you can download the entire course material through e-gyankosh using the following link: <https://egyankosh.ac.in/handle/123456789/30830>

You have to read the Project Manual first and only then will you understand these revised guidelines given in this document.

IMPORTANT BASIC INFORMATION PROJECT WORK

Project Work is the fourth Course of the DECE Programme and its Course Code is DECE 4. In the first three Courses (DECE 1, 2 and 3) you have to carry out some Practical Exercises given in the Practical Manual with each Course, as part of Assignments for that Course. Remember that Practical Exercises are different from Project Work. For Project Work you have to carry out activities with children between 3-6 years of age under the supervision of a ‘Guide’ in a preschool / nursery school / pre-primary section / well-functioning anganwadi where children are receiving preschool education for at least 2 to 3 hours daily.

a) You have to first read the Course 1 - ‘*Organizing the Child Care Services*’ (DECE-1) thoroughly as it helps you to understand development of children and how this development can be fostered by planning curriculum. Only after this are you equipped to start the Project Work.

b) The next step is to read the Project Manual titled ‘*DECE 4 - Project Work: Working with Young Children in a Child Care Setting*’ which gives the details of how you have to carry out activities with preschool children in the face-to-face mode with children in the preschool / nursery school / pre-primary section / well- functioning anganwadi

c) The third step is to read these Additional Guidelines. These Additional Guidelines are based on the content given in the Project Manual. You will be able to understand the

Additional Guidelines given in this document ONLY, AND ONLY when you first read the Project Work Manual. These Guidelines also contains the Revised Annexures which you have to use when you are doing Project Work in the Nursery School.

d) The fourth step is to identify a Guide for Project Work. Guide has to be identified BEFORE you begin the Project Work. It is COMPULSORY to identify a Guide whenever you want to start the Project Work. You will need to interact daily with your Guide, show him/her the work you are doing as per the Project Manual and get your work evaluated. **The criteria for identifying the Guide are stated on Page 3&4.**

e) Contact the Counselors in your Study Centre for clarifications about the Project Work, so that you are able to complete the work as per these requirements. Attend the counseling sessions organized by your Regional Centre for DECE 1 and Project Work.

Duration of Project Work

As stated in the Project Manual, the duration of Project work is 30 days.

- **Phase 1** – 5 days—Observation of the Guide and writing of Reports
- **Phase 2** – 20 days – 1 activity per day for 1st 10 days and 2 activities per day for next 10 days, totaling 30 activities.
- **Phase 3** – 5 days – a) Planning the curriculum for a week; b) Carrying out 4 activities per day for 5 days; totaling 20 activities.

ACTIVITY PLANS, REPORTS AND VIDEOS

Do not write all the Activity Plans of Phase 2 and 3 all together. Write a few, show to Guide, conduct the activities, write their reports and then move to next set of Activity Plans. Conduct only the required number of activities each day with the child.

In Phase 2, do not try to do many activities with the child in one day.

In Phase 3 since you will plan 4 activities for each day, you have to carry out 4 activities every day for 5 days with the child, giving adequate break to the child for eating, toilet etc.

The sincerity with which you will do your Project work will be reflected in your Activity Plans and Reports and this will determine the marks that you get.

Very Important - Recording Videos of Work Done During Project Work and Submission of the Same

When you do Project Work with children in the preschool / nursery school / pre-primary section / well-functioning anganwadi, you have to make videos of ALL the 30 activities that you do with children in Phase 2 and the 20 activities that you will do with children in Phase 3. Each video should be of about 5 minutes duration. You can ask another adult to record the video. **In all you have to make 50 videos.**

- You have to take permission from the parents of the children / Principal or in-charge of the nursery school to make videos of activities conducted by you.
- In the video you should be clearly visible conducting the activities with children.
- The activity which you are conducting in each video should be the same activity which has been written in the Activity Plan and Report in the Project File. You face should be visible and most of the focus in the video should be on you, what you are doing and saying. Do not focus on children's faces; children can be visible in side pose or back pose (their back is visible but not their front). This is important to retain confidentiality of children.
- You have to certify in **Annexure 1B** that you have the permission of children's parents / school to record videos.
- **You have to send the videos in a good quality pen drive along with the Project File.** Be careful to enclose the pen drive carefully wrapped in a separate packet so that it does not get damaged in post. Write your roll number and name on the packet containing pen drive. Put this packet containing the pen drive in the main packet which has your Project File. **Do not send the pen drive separately & Project File separately** because it will get lost/damaged while handing at IGNOU. Attach the pen drive packet to your Project File with a strong thread and both should be together in one packet.

SUPERVISION AND EVALUATION OF PROJECT WORK BY THE GUIDE

- Share the Project Manual as well as these Additional Guidelines with the Guide. You can share the hard copy or the link of e gyankosh where the Project Manual is uploaded with the Guide so that she understands the work to be done by you for Project Work. Inform the Guide about the relevant Annexures and marking scheme.
- All the work done for Project Work with children in preschool / nursery school / pre-primary section / well- functioning anganwadi has to be shown to the Guide on a REGULAR BASIS and got signed and marked by the Guide.
- When you are working with children in the preschool / nursery school / pre-primary section / well- functioning anganwadi it is not necessary to show the videos of Phase 2 and Phase 3 to the Guide, as she is already seeing you working with children. But if she wants to see the videos, you will have to show these to her.

Who Can Be The Guide?

As you have understood you have to do Project Work with children in the nursery school/ preprimary section/preschool/well-functioning anganwadi. So, the Guide will be the class teacher/anganwadi worker in whose class you are doing the Project Work. **It is mandatory for the Guide to have the following educational qualifications as well as work experience.**

- a) **Educational Qualifications:** A teacher with any of the following qualifications can be the Guide for the Project Work.
 - Master's Degree in Home Science / Bachelor's Degree in Home Science

- PG Diploma in Early Childhood Care and Education/ Diploma in Nursery Teacher Training/ Diploma in Preschool Education/ Diploma in Early childhood Care and Education
- Diploma in Elementary Education/ Elementary Teacher Training/ Junior Basic Training/ Basic Teacher Course
- B.Ed degree who has attended one or more seminars/ workshops/training programmes in field of preschool education
- *Anganwadi* worker who has received training in implementing play and activity based preschool education.

b) Work Experience

The Guide should be presently employed and have the experience of working with preschool children for a minimum period of one year. In fact, the more the experience of the Guide, the better it will be for you as a learner to work under her supervision.

You have to provide details of qualifications & work experience of the Guide in your Project File as Annexure 7.

ANNEXURES

- Instead of attaching Annexure 1A and 1B given in the Project Manual, you have to attach Revised Annexure 1A and 1B given in this document (pages 6 and 7) in the Project File.
- Annexure 2, 3A, 3B, 4, 5 and 6 remain the same as in Project Manual. Annexure 6 is optional. If you cannot get Annexure 6 signed by the Regional Centre, you can get it signed by Study Centre coordinator or Study Centre Counsellor. If this is also not possible, leave Annexure 6 blank.
- A new Annexure 7A (Details regarding the Educational Qualifications and Work Experience of the Guide) has to be attached with the Project File. This is given in this document on page 8.

It is COMPULSORY to attach the above mentioned Annexures. A Project File submitted without the relevant Annexures will not be accepted by the IGNOU and will be returned back.

EVALUATION

- **Marks given by the Guide carries 30% weightage and marks given by IGNOU Expert carries 70% weightage.**
- Further, the IGNOU Expert has the authority to moderate the marks given to you by the Guide.

SUBMISSION OF PROJECT FILE

- All DECE students IGNOU Regional Centre, Bhubaneswar need to send the Project File as hard copy to the following address:

**IGNOU Regional Centre,

- The last date of submission of Project File for Jan 2025 admission is 15th December 2025 and for July 2025 admission is 15th May 2026.
- If you cannot submit by the above mentioned dates do not worry. IGNOU gives you three years to complete DECE. However, it is better to do everything as soon as possible
